

CREATION IN CHRIST

Recently, the Church of England introduced a new feast day on the 6th September:

Creation in Christ. In true St Jude's style, we decided to make a month of it.

Throughout September, we'll explore different themes around God's creation—meet the bees, reflect on sacrifice, and celebrate new life in Christ in the priesting of Revd Ben. Everyone is welcome. All services start at 10.30am on Sunday and are followed by fellowship and refreshments.

SEPT 26

Creation! What's the buzz?

This service celebrates the importance of bees in God's world—small creatures with huge purpose, turning blossoms into life and helping creation thrive. Adam the 'Bee Man' will bring a section of a hive to show us up close. Creative liturgy will be filled with music by our musician in residence, Gabriel Francis-Dehqani, cellist.

SEPT 26

Children - Living Creation

Come to our service celebrating children in creation—the wonder of God's world and the joy of learning through play, stories, and prayer. We'll thank God for seeds, skies, birds, and growing things, and invite children to share what they notice and love. All are welcome—especially families.

SEPT 26

Sacrifice

We reflect on the sacrifices and why we must choose courage in action. We plant this in the story of the sacrifice of Michael Rennie, and we give thanks for the courage that truly costs. After fellowship, we'll hear a lecture on the lasting legacy of St Jude's 3rd Vicar, William Heron Maxwell Rennie, told by his grandson, Michael David Maxwell Rennie.

SEPT 26

Creation As Vocation

We celebrate creation in vocation—God calling ordinary people into extraordinary service. Join us as Revd Ben is ordained into the priesthood with Bishop Anderson, marking a new beginning and a life shaped by faith and love. This joyful service is followed by a shared lunch.
